November 29, 1995

Dear Colleague:

Enclosed is the latest edition of INPUT's worldwide information services forecast, covering the period 1994-1999. INPUT has published this comprehensive global report annually since 1989.

The *Worldwide Information Services Forecast, 1994-1999* report provides a comprehensive look at the global information services industry, with yearly forecasts through 1999 and growth rate projections for the period 1994-1999. Market size and opportunities are analyzed for the eight product/service categories followed by INPUT—professional services, systems integration, outsourcing, processing services, network services, systems software products, applications software products and turnkey systems.

The *Worldwide* report offers forecasts of the information services market in 33 countries or country groupings in North America, Europe (Western, Central and Eastern), Asia and the Pacific, Latin America, and the Middle East and Africa. Leading information services vendors are identified in many of the countries

Your purchase of this report includes a 3.5" disk which contains the country and regional forecast tables in Excel format, and access to our consultants, who will be happy to answer any questions that you may have regarding this, or other INPUT reports which you receive.
